

NOTICE OF 2020 TAX YEAR PROPOSED PROPERTY TAX RATE FOR DUVAL COUNTY

The no-new-revenue tax rate is the tax rate for the 2020 tax year that will raise the same amount of property tax revenue for Duval County from the same properties in both the 2019 tax year and the 2020 tax year.

The voter-approval rate is the highest tax rate that Duval County may adopt without holding an election to seek voter approval of the rate, unless the de minimis rate for Duval County exceeds the voter-approval rate for Duval County.

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate for Duval County, the rate that will raise \$500,000, and the current debt rate for Duval County.

The proposed tax rate is greater than the no-new-revenue tax rate. This means that Duval County is proposing to increase property taxes for the 2020 tax year based on valuation increases.

A public hearing on the proposed tax rate will be held on September 16, 2020 at 10:00 o'clock a.m. at the Duval County Commissioners Courtroom, 400 East Gravis Avenue, San Diego, Texas 78384.

The governing body of Duval County proposes to use revenue attributable to the tax rate increase for the purpose of maintenance, operations, and road improvement.
